Entered as second class matter August 1, 1936, at the post office of Virginia Beach, Va., under the act of March 3, 1879.

"THE VOICE of a majority, speaking the sense of government and not some god government" is the value of a well-informed and well-intentioned people."

GO TO THE PEOPLE

In these, our government is being run by the people. In these, we frequently have government by the people.

At a glance at the voting figures of your town, county and state will substantiate this. Time and time again, well under half of the registered voters go to the polls on election day. This is particularly true of local elections, and national elections in off-years when there is no man for the presidency. And when that happens, the "voice of the people" is a small and inefficient voice indeed.

Our attention fought for centuries to win and maintain the right of franchise. It is the basic guarantee of free government, which is possible only under free government. It is the first right to be safeguarded by the state as the trustees on the "free" election system which used to occur particularly in Germany, Italy and elsewhere prove. It is the greatest defense against oppression.

The citizen who fails to vote strikes a blow and impairs responsibility. Go to the polls on election day and cast your ballot for the men and measures of your choice. This is both a great duty and great privilege.

WHAT DOES MR. LEWIS WANT?

It has been said that John L. Lewis, head of the United Mine Workers, does not favor continuation of the coal industry. This would seem logical, for Mr. Lewis must realize that if government goes into the operation of any industry on a permanent basis, its workers will no longer be free agents, with the unlimited right to strike. However, Mr. Lewis demands upon the coal mines may be the view of some collection, make the future operation of the properties under private ownership dangerously difficult. The coal mines are now "too"

READING & WRITING

BY Edwin Sauer and Robin McKinn

HERE'S summer reading for murder mystery fans—Will Cuppy's anthology of crime, titled "Murder Without Tears." As the title implies, these pieces dwell on murder as entertainment, rather than as tragedy; some of the stories are downright funny.

WILL CUPPY

Among the lady murderers Mr. Pearson talks about is Mrs. Augusta Fullam, famous for one crisp and cryptic phrase, "So the only thing to do is to poison the soup." Another is nurse Jane Toppam, a motherly soul beaming with health and good spirits, whose patients, no matter how trivial their ailments, mysteriously died as the result of her solicitude. Again, there was Mrs. Botkin of California, who sent sweet chocolates flavored with strychnine to her rival.

No collection of crime would be complete without Mrs. Belle Gunness, the 200-pound siren of Indiana, who advertised for husbands in matrimonial journals—husbands who could help this little widow pay off the mortgage on her farm. The sad fate of these applicants is history. Mr. Cuppy lets Stewart Holbrook tell the story again in his piece, "Belle of Indiana."

There's a dual selection for September from the Book-of-the-Month Club—"The Sudden Guest," by Christopher LaFarge, a story set in New England about a selfish and self-centered woman, and George Orwell's short satiric parable about Soviet Russia, "Animal Farm."

CHHHHH

...that there was a moment, even though a brief one, when a senator had anything on his chest."

porarily socialized." It is presumed they will be returned to private ownership in the relatively near future. During this interim period Mr. Lewis has been appearing periodically with new demands which will add enormous-

ly to the cost of mining coal. These demands range from union control of a welfare fund to be provided by the operators, to shorter work weeks and higher wages. It is of great significance that the owners have almost

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Heslin, in our town, and a man named Dorian Gernex, in England.

They've never seen each other, never met. But for the past eight years they've been playing chess 7 mail together—Dad plying over Dalton's latest letter, while he sends a chart of his next move to England.

Dad always thinks best with a low glass of beer beside his

cheeseboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

nothing to say in the controversy. The unions and the government decide everything.

The question that now arises is just how high coal prices go and still find the big and steady market that is necessary to full employment of the miners. Coal must compete, on a cost basis, with other sources of energy. So, if prices are forced high enough, the consuming industries will naturally look around for possible substitutes. And so, in many cases, will household consumers.

The worst part of the whole Lewis' demands involve increases in the cost of operation—without any increase whatever in labor's productivity. Labor wants more money—but it doesn't want to perform more work, and in some cases it is performing less work. The unanswered question is just how long the American industrial machine and the American consumer can stand the impact of this sort of labor policy.

FUEL, FEED & BUILDING SUPPLIES

We have not enjoyed the necessity of answering many of your inquiries with: "Sorry we don't have any", and we are extremely grateful for your patience during this "scarce Material" period, but we believe we see some light ahead. For instance, we are led to believe that Frigidaire Refrigerators, Ranges and Hot Water Heaters will be coming to us in greater volumes from now on. We know we have had many orders for these appliances for a long time, but believe us when we say that we are just as anxious to get your unit in your home as you to receive it. We do hope you will wait a while longer because we believe you will be better satisfied with a Frigidaire.

There has been and still is an unusual scarcity of Oil Burning circulators and we are afraid this is going to continue through out the better part of the winter season. We have some coal heaters now and many more on the way to us, and it may be necessary to burn coal another season, but don't wait too late to put in your coal.

In our store we have many items which we haven't had for a long time and we suggest that before you complete your Christmas shopping list you stop in and examine our stock. It may be we can assist you in many ways.

Norfolk and Western Railroad Receives Naval Citation 'A.A.s' To Organize Group At Va. Beach

The highest award which the Bureau of Naval Personnel can give to an individual or organization not affiliated with the Navy, the certificate was presented by Admiral Louis Denfeld, who will assume command of the Pacific fleet next January. It was accepted by R. H. Smith, N. & W. president, on behalf of the railway and its employees.

At the same time, Admiral Denfeld presented a citation addressed to W. J. Jenks, N. & W. board chairman and president of the railroad during the war years, for "the untiring devotion, sure knowledge and great patriotism of Mr. Jenks and his colleagues."

The citation pointed out that the railroad president and his organization "contributed to the greatest manpower movement in our country's history... the transportation of more than seven million Naval personnel to points within the United States."

Praising the railroad's accomplishments during the demobilization period, the citation said that from August 14, 1945 to August 31, 1946, while the Navy returned

'A.A.s' To Organize Group At Va. Beach

Virginia Beach members of Alcoholics Anonymous who have been associated with the Norfolk Group met Thursday night for the purpose of forming their own group on Virginia Beach.

Alcoholics Anonymous is an informal fellowship of both men and women who have been problem drinkers and have a sincere desire to free themselves from the bonds of alcoholism. Alcoholics Anonymous has attained recognition throughout the United States & Canada for its success in rehabilitating problem drinkers who come to realize that they, personally, could not drink and wished to barricade themselves against the temptation.

One member, when asked about the expense and workings of the organization, explained as follows:

"In the formal sense, we are not an organization at all. We have no officers, rules, by-laws or dues. The only initiation fee is more than three million men and women to civilian life, travel of Naval personnel reached stupendous proportions."

of is the great expense and humiliation that most of us have experienced in qualifying for membership, and this has been paid. Nothing is asked of those seeking membership save a sincere desire to do something about their drinking. They neither obligate nor commit themselves in any way to anyone other than their individual selves.

"We most emphatically are not evangelist or reformers. We are not, as a group, concerned with any controversial questions on religion, temperance, politics or any individual's standard of living. We have one, and only, purpose, that is freeing our individual selves from the bonds of alcoholism. We try to help others that seek our help because we have found that working with others plays a vital part in our own recovery. The time and expense that we utilize in our efforts to help others is voluntary on our part, without obligation to others, because we are doing it for our own benefit. We are not fanatics for most of us serve whiskey in our own homes. However, we know that we are, personally allergic to alcohol and refrain.

I would like to make it as clear as possible that our anonymity is not based on the fact that we are ashamed of being members any more than we would be ashamed of having diabetes or being a patient in a hospital. Most of us are proud of the fact that we have discovered that we are allergic to alcohol and we are doing something about it. Our anonymity arises from the fact that anyone's membership is their own individual business and we highly respect this fact. Anyone interested in our group may write Alcoholics Anonymous, P. O. A railroad cross-tie is just a precisely processed piece of good timber. But it takes 16,000,000 of them to share the load day in and day out along the Norfolk and Western Railway. Each tie must be near-perfect... for each has a sturdy job to do in the railroad's overall operation.

The cross-tie is another one of those "little" things which go to make up the railroads. Good strong ties are an important part of good railroading. And they take a terrific beating. Exhaustive experimentation proves that they must be made of wood. For over a long period of time, only wood can give strength and the required high degree of resiliency.

Each tie is a work of science—carefully selected from the best timber, precisely cut to measure, critically inspected, chemically treated for long life, dated

and installed by roadbed

experts. Without scientific treatment,

the average tie would last only seven years.

The N. & W. maintains its own tie treating chemical plant, staffed by experienced men who know how to give long life and service to ties. Today, N. & W. ties have an average life of 20 years.

Sleek passenger trains and heavy tonnage freight trains are rolling day and night over heavy steel rails on fast schedules to the markets and seaports of America—safely and smoothly, because each tie helps to make it that way.

Norfolk and Western ties are strong—and there are 16,000,000 of them to share the load... to *Serve You.*

Red Cross To Start
Work on Xmas
Boxes November 1

Members of the Junior Red
 Cross are planning to pack gift
 boxes for children of other lands
 according to Mrs. J. C. Bradburne
 the new Junior Red Cross chair-
 man. The work to be done be-
 tween November 1 and 15.

The reported last year was 100
 per cent enrollment in every class
 room in every school in Princess
 Anne County. Three hundred
 boxes were sent from Princess
 Anne Schools. A similar goal is
 set for this year and details of
 contents and articles desired will
 be furnished by Mrs. Bradburne.

Can you spot your state
... and how many more?

This page is framed by all 48 states. They're accurate in outline but not in relative size.

Without peeking into Junior's geography book, find your own state first. Then see how many more you can identify. (Answers buried below.) Ten right means you're bright. Twenty makes you an honor student. Thirty qualifies you as Secretary of States!

So what? So the folks who own America's business-managed electric companies live in every one of these states. They include a lot of your friends and neighbors - and probably you, too.

How come? Well, several million Americans have invested their savings in electric companies directly. Some 43 million more have invested indirectly - through savings bank accounts and life insurance policies. Banks and insurance companies, entrusted with your funds, like to put 'em to work in sound utility securities.

As a result, almost every American family has a stake in the self-supporting, tax-paying electric companies that provide most of America's power. Thanks largely to good business management, the price of electricity has come down while other prices have gone way up - and this country enjoys the best electric service in the world.

PRINCESS ANNE POLLS FOUR TO ONE IN LARGE DEMOCRATIC VOTE

Porter Hardy Jr. Elected By Large Majority

Porter Hardy Jr., Norfolk County farmer and Democratic nominee for the House from the Second District became the district's new representative in Congress in Tuesday's election with a two to one lead over his opponent, Sidney Kelsey, Norfolk attorney.

Large Vote
For an off-year election, however, the district vote might be classified as large, approximating the 27,000 ballots cast in the stunning 1960 congressional election when Republican Menaulus Laskford was returned to the House by defeating Democratic Joseph T. Deal.

By virtue of his victory, Hardy a former business man who has been farming since 1932, will take his seat in Congress on January 3, when the Eightieth sessions is convened. He said he has no immediate plans, outside of attending to his 615 acres in the county, until he is sworn into office.

County Solid Democrat

Running true to form, Princess Anne County voters gave overwhelming support to Democratic candidates, and put a precinct did the Republican aspirants carry. Senator Harry Byrd, polled 129 votes to 417 given to Lester Parsons, Norfolk attorney who was the GOP's choice.

Kelsey, however, made a better showing in the town of Virginia Beach, largest precinct in the county, but even there Hardy led by a better than two to one vote, receiving 477 votes to 212 for his opponent. Byrd likewise carried Virginia Beach by a vote of 519 to 142.

The county vote on the constitutional amendment which would allow localities to tax property owned by the state, was also a Democratic landslide. The amendment, which would allow localities to tax property owned by the state, was also a Democratic landslide. The amendment, which would allow localities to tax property owned by the state, was also a Democratic landslide.

W. B. Patterson, who was unopposed for the post of commissioner of the Virginia Dare Soil Conservation District (covering Norfolk and Princess Anne counties) received 125 votes, exclusive of those cast in Virginia Beach, which were not reported.

The new Fraser automobile embodies 1947 styling and engineering features designed to provide utmost passenger safety as well as comfort and "roadability."

Open House

On Sunday, November 10 from 2 to 7 p.m. the Herb Holt Motor Company at 21st and Pacific, will hold open house when the new Fraser automobile will be on display here for the first time. It is powered by a 100 horsepower six-cylinder engine, an overdrive, among the outstanding features.

Among the safety features are wide, five-inch wheel rims, increased visibility provided by a 765 square-inch windshield with safety glass throughout, self-centering hydraulic brakes and other fundamental safety features.

The public is invited to visit the show rooms where the sales force will answer all questions and show interested guests the new products by Kaiser-Praser.

Beach Over Top In Community Fund Drive

County Slightly Short of Established Goal

The Community Chest campaign in Princess Anne County has raised \$11,542.88, according to an announcement made by E. H. Church, drive chairman on Thursday. The goal in the drive which officially ended Friday was \$12,000. However, Mr. Church said the committees were still working and several districts are still to be heard from. He further stated that he was confident that the goal would be reached. Due to the addition of a colored teacher for Week Day Religious Educational work in the colored schools of the county, Mr. Church said it was necessary to raise the goal. Virginia Beach, with a goal of \$7,000 raised \$8,187.94. Lynnhaven with a goal of \$1,500 reported collections of \$1,185.32. Kempsville turned in \$1,267.20 of its \$2,000 goal. Seaboard with a goal of \$500 subscribed \$376.50 and Pungo turned in \$523.80 of its \$725. The Blackwater District has not been heard from as yet. The goal set for this district being \$75. Mr. Church said that the drive would continue until the goal was reached and contributions would be received from any one desiring to contribute and had not been approached.

BOBBY HOLDS PARTY

The Beta Theta Phi society of Virginia Beach held the fall banquet at the Ivanhoe Cottage the week end of October 20. Miss Carleton Norfleet of Virginia Beach presided and the house party was attended by the regular members and their guests.

Local Girl Scouts To Observe Holland Day

November 16 has been designated as "Relief for Holland Day" by Local Troop 2 of the Girl Scouts of Virginia Beach, and on that day they will begin the collection of woolen clothing, hand knit articles (the wool used), woolen yarns, baby clothes, canned foods, hard candy, recreational articles such as crayons, pencils and drawing paper; pins, needles, toys and money to be sent to the headquarters of the Dutch Girl Guides, he Hague, Holland, for distribution to the destitute member of the organization.

According to Mrs. Emmett Kyle leader of lone troop 2 this drive will be conducted as a part of the relief of the Dutch and will be undertaken in conjunction with a nationwide campaign sponsored by American Relief for Holland, Incorporated. Victor H. Scales, director of this organization, has been in communication with the troop as has Miss C. E. Peereboom-Kikert, international commander of the Dutch Girl Guides. Mrs. Kyle said that in a recent letter, Miss Peereboom-Kikert assured members of the troop that all contributions would be sent directly to indigenous members of the Girl Guides.

Lone Troop 2 which is sponsored by the Virginia Beach Garden Club, last year won the International World Knowledge Badge as an award for intensive study of Holland and the Dutch people.

H. Warfield Leeke Named To Mayor Post

FUNERAL SERVICES FOR W. W. ELLIOTT HELD IN NORFOLK

Walter W. Elliott — funeral services for Hon. W. W. Elliott, mayor of Virginia Beach, who died Saturday morning, were conducted at the H. D. Oliver Funeral Apartments Monday, Nov. 4 at 2 p.m. by the Rev. C. W. Carman, Jr., rector of Galilee Episcopal Church. Interment was in Forest Lawn Mausoleum.

Honorary pallbearers were H. A. Hall, Paul Murray, W. W. McClannan, W. F. Hudding, P. W. McKiss, Frank Giles, Ralph Petty, Clyde Nicholson, Grayson Willis, R. E. Johnson, Thomas Gresham, J. Vaughan, R. W. Cassett, Wallace Clark, Hope Kellam, E. B. Bayne, Judge E. V. Gresham, Roy Smith, James G. Martin, Frank Kellam, Ernest Harden, A. R. Sgdnor, Paul Devlin, W. H. Terry, Jr.; Robert L. Simpson, Whitt G. Sessoms, E. R. Church, Joseph Spruill, Louis Riggan, Henry Bullock, Elliott Edwards, Joseph L. Lyle, and Jonathan Old. Active pallbearers were Chief C. E. Hobeck, W. F. Patton, Fred Haycox, H. E. Halstead, Richard Jones, Judge F. E. Kellam, Sidney S. Kellam and Russell Hatchett.

Mayor of Virginia Beach since September 1940, and for years well known Norfolk attorney, Mr. Elliott suffered a heart attack while en route to Norfolk on a rail bus.

Mayor Elliott, who was re-elected to his office in June of this year left the Beach at 7:50 a.m. He had been on the bus only a few minutes before being stricken. He was taken from the bus at the Seventeenth Street station but was dead when medical assistance arrived.

Dr. H. F. Dornier, Princess Anne County coroner, said that death was due to a heart attack.

After years of extensive law practice in the courts of the city of Norfolk, Mayor Elliott began his term in September, 1940. He was appointed by the council to Roy Smith, who resigned to become town attorney.

Even though he was mayor of Virginia Beach, Mr. Elliott kept offices in the McKewitt Building in Norfolk.

In his re-election last June, the Mayor and his organization were won by the largest vote in any election held at the Beach in 40 years.

Halloween Party Proves To Be Huge Success

The first community Halloween festival at Virginia Beach was an overwhelming success, judging by the 2,000 or more spectators and participants at the affair.

Organized and engineered by Bill Phillips and "Bubba" Bayne with the assistance of local residents, school teachers, and interested citizens, the crowd gathered on the Virginia Beach playground some in costume and others to look on.

Contestants for Prizes

Business firms in an effort to cooperate donated over 50 prizes. These were awarded to costume wearers and as door prizes. The late Mayor W. W. Elliott, Mrs. H. O. Brown, E. C. Baker and the Rev. Carman judged the various groups of merry-makers. The contestants were divided in age groups and in each group there were four categories for prize winners and four prizes were given in each group. The most appropriate costume, prettiest or handsomest, funniest and the "tackiest."

The refreshments, ice cream & popicles were donated by Bill Phillips.

Officials and private citizens who participated in the festival predicted that it would become an annual event. The late Mayor W. W. Elliott, commenting on the success of the party, remarked "This affair is of greater value to the community in preventing juvenile delinquency, and can accomplish more, than a half dozen juvenile courts." Richard Jones, town clerk, commented that, in his opinion, the festival was "one of the best things that has ever been undertaken at Virginia Beach."

Clarence Hobeck, chief of the Virginia Beach police department stated that there were extremely few reports of disturbances, in comparison with former years, while the party was in progress. He said that a few reports of vandalism were received after the crowd had dispersed, but that these, too, were relatively few by comparison.

Members of the faculty of the local school assisted in planning and directing the program.

E. B. Bayne, president of the Virginia Beach Playground Association, expressed the hope that the affair would become an annual event. "I am extremely pleased that the people of Princess Anne and Virginia Beach were so interested in the party," he said, "and I don't think that enough can be said in appreciation to everyone who did so much to make it a success. The teachers and the people on the committees did all the hard work, and they deserve all the credit."

Galilee Celebrates 100th Anniversary Of Founder

Saturday, November 9, marks the 100th anniversary of the birth of the late Bishop Beverly Dandridge Tucker.

Fifty nine years ago Bishop Tucker founded the first church at Virginia Beach which is now the Galilee Episcopal Parish Church. Prior to this time he held Sunday School and conducted religious services in his home at 19 1/2 Street and Ocean. The house which is now known as the Tucker Cottage. These services were attended by all denominations.

Galilee Church, the Bishop Tucker Memorial, built in 1926, was consecrated to his memory on April 14, 1940.

The flowers on the altar for the Sunday services will be placed there in his memory by the members of the Tucker family.

Jard Named To Fill School Board Vacancy

H. Warfield Leeke, businessman and resident of Princess Anne County and Virginia Beach for approximately 20 years, was unanimously elected by the members of the Town Council, in regular meeting Monday, to fill the vacancy, as Mayor of the Town of Virginia Beach, caused by the sudden death of W. W. Elliott on November 2.

Councilmen P. F. Murray and Fred Haycox and Town Clerk, Richard Jones were delegated to represent the council and tender the post to Mr. Leeke. After agreeing to serve, Mr. Leeke said: "It will be difficult for me to succeed a man who was so admired and respected. I shall do my best to do the job in a satisfactory manner but I shall need the support of the people if I am to succeed."

Mr. Leeke was an auditor and assistant treasurer of the old Cavalier Hotel Corporation. At the outbreak of the war Mr. Leeke entered the Navy and served with the rank of senior grade lieutenant as assistant to the Chief of Cost Inspector, specializing in Cost Accounting and renegotiation.

On his discharge from the Navy as Lt. Comdr. in July, 1945, Mr. Leeke entered the services of the present owners of the Cavalier as Controller of the hotel. Cavalier Beach and Cabana Club and the Cavalier Country Club. Mr. Leeke remained with the hotel until he opened his own office in Roland out last August.

Although a resident of the community for many years, Mr. Leeke has never taken an active part in the politics of the town or county and has never held any public office. His association has been in business activities.

Jard to Replace Clark

K. L. Jard was appointed to fill the vacancy on the school board of Princess Anne County caused by the resignation of Wallace Clark who had served on the Board for some years.

Another vacancy was filled by the appointment of Robert Barr, Jr., as Assistant Police Justice to fill the vacancy caused by the resignation of Robt. W. Dahl. Mr. Barr, recently discharged from the Navy, is a lifelong resident of the Beach and a graduate of the law school of Washington and Lee University. Since his return to civilian life, Mr. Barr has established a law office in Roland Co. Va.

Request for Street Repairs

Paul deWitt, a resident of Va. Beach for many years and whose family have been residents for more than forty years, requested that the Town Street Department grade and surface 12th St. from Atlantic to Pacific in order that there be vehicular passage on that street. Mr. deWitt proposes to fill, grade and improve the three lots which he owns on said block. Mr. deWitt stated that the property is within the South limits of the Town of Virginia Beach, that his family is the second oldest, taxpaying family on the Beach, that he has secured a building permit for immediate building of a home and has secured the necessary \$4 loan for erecting a residence, the contents for which has been let with the expectation of immediate building. Town Engineer Clyde Nicholson stated that the work on the street would cost approximately \$3,000 to \$3,500. The point of the fire hazard with impassable roads was brought to the attention of council members by a member of the Virginia Beach Volunteer Fire Department.

P. F. Murray offered the proposition on the grounds of lack of available funds. However, it was decided to "turn the matter over to the proper committee for consideration."

Removal of Drains

W. F. Patton, chairman of the Council, appointed Haycox, Hall and Roy Smith, Town Attorney, as a committee to draft and state resolutions on the removal of the Tucker family.

THE OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a deeper picture. It's the most sensible approach I've ever heard of the subject."

NEVER 'FORMER' VIRGINIAN

The Richmond News Leader

Will you join in agreeing that we never will refer to any native as a "former Virginian" unless the individual deliberately renounces allegiance to the mother State?

It is customary, we know, to use the short term "former Virginian" to explain that the person was born in this State but is associated now with some other part of the Union. Readily understandable as that is, we wonder if it does not hurt the feelings of such a person as, for example, Dr. Helen Henderson, who, thank the Lord, escaped death in the dramatic Gandar accident. Dr. Henderson resides now in New York, as one of the executives of the Girl Scouts, but we imagine she is as proud as ever she was of her birth in the Old Dominion.

Most of the "Virginia exiles" are. You may recall the recall the indignation with which a well-known scientist wrote a Virginia publication that had called him a "former Virginian." That statement, said he, would be applicable at one time only—after he was dead.

GROOM HAS HIS DAY

It has long been the custom of newspapers in writing up wedding to describe the wardrobe of the bride in detail, frequently printing her picture—making her the whole show. Very little notice was given the groom. He was recognized as a sort of necessary evil on such occasion. This Kan- sas editor only mentioned the conventional evening gown and then he prints the following picture of the groom:

"The bridegroom, blushing prettily, was attractively clad in a three-piece suit of brown woolen material consisting of a coat, a vest and pants. The coat was charmingly fastened with a white flower in the left button-hole. The vest was sleeveless, closed in front and gracefully fashioned with pockets. It was held together in the back with a strap and buckle. His pants were neatly pressed for the occasion and he wore them with an air as if he little suspected it would be the last time he wore the pants in that family. Hose and necktie added just the right dash of color to complement the effect. The shoes were genuine leather, laced with a string of same, giving a chic appearance. The shirt was of white broadcloth material, purchased on the black market in Wichita. It had an 8-button front, one back, two sleeves, two cuffs and one collar. The shirt was worn with the tail neatly tucked in the pants."

171st BIRTHDAY

On the occasion of its one hundred seventy-first birthday, the U. S. Marine Corps finds itself in the final phases of reorganization at the successful conclusion of a world shattering war.

After an epoch making expansion to almost four times its pre-war complement, the Corps is trimming itself down to the new peacetime authorized strength of 100,000 fighting men.

The developments of the past year pretend an even more illustrious future, as the Corps puts the finishing touches to its new training and educational programs.

From where I sit... by Joe Marsh

Who Gets Off Easiest -
Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no hot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans up the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows very deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Annual 4-H Achievement Program at Kempville

At a recent meeting of the WINNERS OF STATE 4-H — Princess Anne County 4-H Council, arrangements for annual 4-H Achievement Program were completed. The meeting was presided over by Cora Marie Blackmore, President of the County Council, and there were 30 leaders, 4-H officers and adult committeemen present.

The Council decided to hold the 4-H Achievement Program at Kempville High School, Monday evening, November 25th, at 7:30 p.m. with the following type of program: music to be by a 4-H Creeds High School orchestra, which is made up of entirely 4-H members; group singing to be led by Miss Gloria Reagan of Oceana High School; Address of Welcome by Judge F. E. Kellam; a report of each community club in the County by the officers of the club; awarding \$100 in prizes to winning members; awarding medals and other prizes won on a State level; and awarding \$40 in prize money offered by Seas, Roebuck & Company for best garden and best canning exhibit from 4-H garden; an exhibit by Poultry, Garden and Corn Club members; a short program by the Honor Members of the county; an address by Gordon A. Egan, State Club Boys Agent; and finally refreshments.

The All Star Members in the county were appointed as Hospitality Committee. The arrangements for the program and exhibits will be made by the Honor Club members of Kempville High School. Decorations of the auditorium will be by Honor Club members of Oceana High School, and the exhibits will be placed by the Honor Club members of Oceana High School. The Adult Committee was appointed to handle publicity.

The Council offers a plaque to the Senior 4-H Club and to the Junior 4-H club which conducts the best 4-H club work through the year and the winners of said plaques will also be announced during the program, said Mr. H. W. Ozlin.

All parents of 4-H Club members and friends are invited to be present and take part, on November 25th.

Rev. Llewellyn Heads Red Cross Xmas Box Service

Rev. Irving L. Llewellyn, chair, man, Community Service to Camps and Hospitals, Princess Anne Co. Chapter, American Red Cross, states that, again the time has come for the citizens of Princess Anne to join in the Christmas Party for the boys in the Government Hospitals in this Area. The donations will be made as in the past four years; individuals, groups or organizations may send in to the Princess Anne County Chapter of the Red Cross in Virginia Beach, Va., either the money or gifts for the packages. The articles for the gift packages are quite different from the ones used heretofore, as the men were permitted to make up lists from which the final list of gifts was chosen.

Toilet Set, containing shaving lotion, shaving soap and talcum powder; Cigarettes; Cigarette Case; Cigarette Lighter; Mechanical pencil; Deck of Cards; Writing portfolio, with paper and envelopes; Pocket picture frame of leather, either single or double; Nail file, or emery boards; Comb; Hard candy in cans or jars; Nuts in shell; Tooth Paste; Tooth Brush; Shaving Cream.

The list is quite varied and any of these articles may be used, as only three or four will be put in each package with a card bearing the name of the organization or individual. The candy and nuts will be put in a stocking (small) and each man will receive one. Please have your donations in, not later than December 1, 1946 as the articles must be bought, wrapped and delivered by December 20, 1946.

Mr. Llewellyn says that the hearty cooperation in this project will be greatly appreciated, and asks everyone to remember that the name of the organization or individual goes into the package and NOT THE NAME OF THE AMERICAN RED CROSS.

Several hundred socks will be filled with hard candies for distribution. Both boxes and socks will be provided upon request, according to Mr. Llewellyn.

Leitch Named To Give Veterans Legal Aid

John D. Leitch, Jr., Virginia Beach attorney, has been recently employed by the Norfolk Veterans Information and Service Center as a legal advisor and business consultant to succeed Warren Ott, whose resignation he comes effective at the end of this week.

Leitch will give free legal advice to veterans at the center and refer them to the Norfolk-Portsmouth Bar Association of their problems demand more assistance. He will not represent veterans in court actions.

The members of the Bar Association have been giving free advice to veterans through the center all during the war years and will continue to do so as long as their services are needed.

A veteran himself, Leitch spent four and one-half years in the Navy. He served as a lieutenant in the Pacific for three years. After being released from active duty last April, he made a quick trip to South Australia and married Miss Elizabeth Kidman. They returned to this country in August and are making their home at the Beach.

NOTICE

Please bear in mind that THE NEWS will go to press WEDNESDAY, November 27, on account of the Thanksgiving holiday. All advertising copy and news articles must be in the office not later than Monday evening, November 25 in order to appear in the issue of Thanksgiving.

PUBLIC HEALTH STAFF BOOSTED BY NEW NURSE

Miss Maymie Skinnette, R. N. of Virginia Beach, has been appointed to assist Miss Lillian Ashley, public health nurse of Princess Anne County, in carrying out the program of the State Department of Health. Prior to this appointment, Miss Skinnette was associated with the Norfolk County Health Department for 14 months after having served for two years in York County. She is a graduate of Norfolk General Hospital.

In her new position, Miss Skinnette will assist Miss Ashley, who has served as public health nurse in the county for several years, in conducting a generalized program including visitation in homes, care of clinics, caring for tubercular patients and supervising X-ray examinations, providing maternity and infant service and serving as pre-school and school nurse.

Miss Ashley has conducted weekly pre-natal clinics at the Beach, in addition to a general clinic dispensing immunization for typhoid, diphtheria and small pox, which is conducted each Tuesday. In addition to assisting Miss Ashley in this work, Miss Skinnette will train and instruct midwives, under the supervision of Dr. W. Y. Garrett, health officer for Norfolk and Princess Anne Counties.

Police Inspection Finds One Guilty Of ABC Violation

In a routine inspection of clubs and eating places on the Virginia Beach Boulevard Saturday, Nov. 9, local police, under the direction of Chief Hobeck, made one arrest on grounds of dispensing of illegal whiskey. Lekroy Wright, owner and operator of Wright's Inn on the boulevard was taken into custody for violation of the liquor laws.

Officers Simons, Moore, Belden Godfrey and Whitthurst with Chief Clarence Hobeck, simultaneously raided the clubs in the district but in only one instance, the Wright place, did they find anything out of the ordinary. Guests were eating, playing pool and dancing with no evidence of whiskey in any of the following places: Daley's Inn, at Davis Corner; Miles Place on Bayside Road; Johnnie Cornick's at Davis Corner; Princess Anne Inn, a private Club and The Admiral Club on Raby Road.

According to statement from Chief Hobeck there was no disorder of any kind found in these places of amusement.

Father Brennan Returns From Trip To Irish Home

The Rev. Philip P. Brennan, pastor of the Star of the Sea, Catholic Church has returned to his parish after an absence of several weeks in which he toured his native Ireland.

A native of Navan County Meath, Father Brennan expressed the opinion that his native land is being well covered by Eamon De Valera and that never before did such peace reign at home.

In his impressions of his visit he gave first place to having met Father Philip Blackburn of St. Mary's, Norfolk, while overseas. Father Brennan further stated that the deeply rooted faith of the Irish people is manifested in the crowded churches, and in the vocations for the home and foreign missions that increase each year. Its appearance is sensed even at the All-Irish football match, attended by 60,000 people in Croke Park, Dublin, at the opening of which was sung a hymn to Almighty God and then the national anthem, said Father Brennan.

ACTIVITIES AT OCEANA HIGH

STUDENT COUNCIL

The Student Council of Oceana High School at a recent meeting adopted a resolution to select each week a student or students who, because of their contributions to the school would be called the "Student of the Week."

Each of the home rooms, from the eighth grade through the twelfth grade presents nominations for this honor to the Student Council. From these nominations the Council makes its selection.

For the week November 3-9, the Student Council selected Conde Kontopoulos, a member of the class of '47, for the first place. Conde sold the largest number of football tickets for the Ocean-Broad Creek football game. In addition to this, Conde secured \$80.00 for advertisements in the Annual, the CAVALIER, which is published annually by the Senior Class.

Martha Hatchett, another member of the Class of '47, received second honor. Martha collected a total of \$28.00 for advertisements in the CAVALIER.

These girls deserve the honor which has been bestowed upon them by fellow classmates. Each week the Student Council will again recognize some student for his outstanding contributions to life at Oceana High.

GALLIE AUXILIARY TO HOLD SALE

Mrs. John F. Winn, president of the Gallie Women's Auxiliary, announces that on Wednesday, November 20 at 11 a.m. there will be a sale of fancy work articles not sold at the church fair last June. Many desirable articles for Christmas gifts will be on display at the Parish House, and Mrs. Winn is anxious to display all articles.

Mrs. M. M. Hardy, President of the Princess Anne Tuberculosis Association announced that Mrs. Rufus Parks has been named chairman of the committee that selected and sent tubercular Seal Sale a prize fund for tubercular control work. This campaign is part of the nationwide 46th annual Christmas Seal Sale which opens November 20th and continues until December 28th.

"We are very fortunate to have Mrs. Parks head our 1946 Seal Sale campaign," said Mrs. Hardy. "We are glad that the contribution she will make to our program to control and combat tuberculosis will not be limited to the Seal Sale but will extend into the year ahead when the funds from the Seal Sale will be put into use to further the health program of our community."

Mrs. Parks has named as local chairman to head the Seal Sale in each municipality: Mrs. Charles Lewis and Mrs. P. O. Baum, Chesapeake District; Mrs. Walter Henshaw and Mrs. E. W. Olin, Lynnhaven District; Mrs. Clay Ashen and Mrs. I. L. Hays, Cape Henry District; Mrs. E. K. Taylor, Virginia Beach District; and Mrs. R. D. White and Mrs. Charles Hodgman, Kempsville District.

Expressing appreciation to the chairman for consenting to help, Mrs. Parks said that tubercular disease is the responsibility of the community and the program she will depend upon their willingness to support the work of the association. "We," she said, "must expand the activities of our association to prevent the spread of the disease and to reduce the death rate in our county. We have offered free chest X-ray service to the residents of Princess Anne in an effort to control the disease."

The Parent Teachers Association of Ocean High School will hold their monthly meeting on Thursday, November 14 at 7:30 p.m. in the school auditorium.

Miss Landon Hilliard, chairman of the committee for Princess Anne County will be the guest speaker at this meeting.

The Music Department of the Oceana High School under the leadership of Miss Hix, a member of the high school faculty will render several musical selections.

RECENT ARRIVALS

There is a good deal of activity at Ocean High School these days for the Student Council of 1946 is making preparations to publish the school annual, the CAVALIER.

For several days the photographer has been of Ocean High taking pictures of the members of the Senior Class, the football team, the Student Council and other groups of the different home rooms.

Various members of the Business Staff have been making personal contacts with the business firms of the community to solicit advertisements.

The 1946 annual has a very competent staff consisting of: Eileen Gregory — Editor-in-Chief; Ann Lee Rogers — Assistant Editor.

Ernie Holman — Business Manager; Charles Karpman — Assistant Business Manager.

Miss Ruth Gault and Miss Helen Harris, sponsors of the Senior Class are also sponsoring the Annual.

Mr. and Mrs. Robert McArthur arrived Monday from Chapel Hill, N. C. to visit Mrs. McArthur's sister, Mrs. E. K. Taylor, at her home on 28th St.

"THE VOICE of a majority, speaking the sense of government does not insure good government except it be the voice of a well-informed and well-intentioned people."

PRICE CONTROL—THE FINAL PHASE

The death knell of price control is heard throughout the land. Practically all controls on food have now been abandoned. The control of other commodities is approaching at a rapid rate. It is only a matter of time before the one year extension voted by Congress last summer is reached.

Thus, the nation is taking its first real step toward the restoration of the free, competitive market since stringent controls were imposed in the early days of the war.

In many instances, decontrol has been followed by substantial price increases at both wholesale and retail levels. And the consumer, before he goes off to the store at the sight of higher prices, should understand just what is going on.

In the manufacturing field, industries are simply adding to the cost of what they produce the considerable increased expenses resulting from inflated labor, material and tax costs. In this connection, it should be remembered that many of the low prices for goods ordered by OPA were meaningless because manufacturers simply couldn't afford to make the products, and so they could not appear on the market.

In the agricultural field, the elimination of subsidies has automatically raised prices to the consumer. The buyer, in other words is now paying the whole cost of what he gets, rather than having the taxpayers pay some of it for him. And the farmer, like the manufacturer, must pass on enormously increased labor and supply costs. For example, the cost of cattle feed is now twice what it used to be. In addition, much of the available feed is of inferior quality value and that too adds to the cost of feeding his stock.

On the retail level, the position of the stores should be clear—and the inclination of some short-sighted people to "take it out on the merchant" should be heavily discounted. Any store must pay the going wholesale price for what it buys, then add the cost of operation and a profit to offer

with the price to the consumer. The only course would be swift and certain bankruptcy. Stores, chains and independent, help the unit sell to the minimum. In the consumer by holding profit per sale of staples, for instance, only a cent or so on the dollar purchase goes into the storekeeper's pocket as profit. It he made nothing at all, the bill the consumer would be reduced little.

As production, spurred by the return of the free market, rises, and as prompt, confused conditions clear, a stable price level based on the realities of current costs will gradually be reached. The end of artificial, unworkable price control means the end of an alien and unworkable theory that has no place in a free economy in peacetime. As a practical matter, effective price control died when we virtually gave up wage control.

WHEN MAY?

There is no point in arguing whether or not this country can afford a \$30 billion dollar debt. We've got it. The real point is what we are going to do about it. Only two courses are open to us.

We can keep up public spending at the present rate, let the budget remain unbalanced and further depreciate the dollar. This will make a future depression inevitable and imperil the war bonds, savings accounts, and insurance policies of all the people.

Or we can tighten our belts, cut government costs to the limit, start regular debt retirement procedures—and eventually pull out with a sound dollar and a solvent nation.

The choice rests with he people themselves.

(Ed's Note: We might even suggest to Uncle Sam that he install slot machines in all of the Post Office Buildings in the nation.)

BEHIND THE SCENES IN AMERICAN BUSINESS

by Reynolds Knight

Men's shirts, bed sheets, pillow cases and numerous other cotton textiles which have been so difficult to get in recent months will appear on retail shelves in greater numbers in the next months. Department store chains, which could only buy a month's supply until recently, are now receiving orders of four month's supply. Mill sales to jobbers and retailers have been running substantially above levels of several months ago and these items should be in the next few weeks. The quick turnaround in cotton textiles from a trickle to a flow of goods is caused by several recent developments. First, there was a slight relaxation in O.P.A. restrictions, then came the break in price of raw cotton. Mills, meanwhile, filled up vacant employment spots and their labor situation is now substantially improved. The drop in raw cotton prices is not likely to be immediately passed on to the ultimate consumer because the lower priced raw material will not become finished material for a while. However, retailers will watch prices more carefully and cut them if demand fails to meet supply.

Whatever is past is over, and I'm thinking you have no more to do with it than a butterfly has with the empty chrysalis from which it came. The law of life is growth and we cannot linger—we must always be going on.

—Mortie Reed.

READING & WRITING

BY Edwin Sauer AND Robin McKinnon

Do you remember the hero of Moliere's comedy, "The Bourgeois Gentleman," who suddenly had it called to his attention that he had spoken prose all his life without knowing it? It brought a kindred start of surprise to us to discover that many of the stories, anecdotes and songs with which we have been brought up are now legitimately considered as part of our country's folklore.

U. A. BOTKIN

You will find many of these familiar tales in B. A. Botkin's impressive volume, "A Treasury of American Folklore," which the Book-of-the-Month Club is sending to members as a book-dividend for January and February. It contains more than 700 stories and over 100 songs and ballads—those favorite stories Americans loved to tell around campfires and crackerbarrels, those old songs they loved to sing together at picnics and parties and hayrides.

Here is a wide assortment of legendary heroes, and of actual ones who have had legends built up about them: Jesse James who gave a widow money for the mortgage on her home and then stole the money back from the mortgage owner; Paul Bunyan, whose fantastic exploits were famous among the lumberjacks; Johnny Appleseed; Billy the Kid; Buffalo Bill; John Henry; Casey Jones; and a host of others. Jingles and rhymes of childhood make up one section of this anthology, such as "Lazy folks work best, when the sun is in the west," and "Joe, Joe, broke his toe, Riding on a buffalo." Here is an example of how these chance jingles that appeal to children's ears come into being. A schoolboy, who is said to have lived in Enfield, Connecticut, one morning in class wrote something on a slip of paper and passed it around among his fellows. The teacher got hold of it. It read:

Three little mice ran up the stairs
To hear Miss Blodgett say her prayers.
She told him, "John, I give you five minutes to make another two lines. If you fail, I shall punish you." The boy scratched his head and in the allotted time produced:
When Miss Blodgett said "Amen,"
The three little mice ran down again.

Innumerable stories about famous collections and adventures of collectors are to be found in a comprehensive book by Douglas and Elizabeth Ripley, "Lock, Stock and Barrel." The range of objects which meet the collector's fancy is wide, but one of the most curious of the hobbies they describe is that of the Englishman who devoted himself to gathering spider webs—and preserving each one carefully between two slabs of glass.

Alcoholics Anonymous Plan Meetings Once Weekly at Virginia Beach

Thousands of us, who were once hopeless alcoholics, have recovered from our malady. We have found a way of life which no longer crumples us to drink. Alcoholics Anonymous is the great reality which has expelled our obsession.

Banded together in groups, or sometimes working alone, we aim to help fellow drinkers recover their health. Not being reformers we offer our experience only to those who want it. There are no fees—"A.A." is an avocation. Each member squares his debt of gratitude by helping other alcoholics to recovery. In so doing, he maintains his own sobriety.

Rapidly growing, we number thousands of ex-drinkers who are now to be found in hundreds of American and Canadian communities. Our first member recovered in 1934. We believe that two-thirds of us have laid a foundation for permanent sobriety as more than half have had no relapse at all, despite the fact many had been considered incurable.

This approach to alcoholism is based upon our own drinking experience, what we have learned from medicine and psychiatry, and upon spiritual principles common to all creeds. By combining these resources, the recovery rate among alcoholics who want to stop has been very greatly increased.

We think of alcoholism as an illness; an obsession of the mind coupled to an "allergy" of the body. It is a shattering sickness—physical, emotional and spiritual. How to expel the obsession that compels us to drink against our will is the problem of every alcoholic.

The only requirement for A.A. membership is an honest desire to stop drinking. We feel that each man's religious views, if any

are his own affair. While every shade of opinion is found among us we take no position, as a group upon controversial questions. No particular point of view is demanded of anyone. Our sole aim is to show sick alcoholics who want to get well how they may do so.

Perhaps you would like to write us for assistance. A.A. has answered innumerable letters from alcoholics, their families, friends, doctors, pastors and employers. As a result, many thousand distracted drinkers, both men and women, have been guided to A.A. and are now able to live at peace with themselves. Our inquiry will be in confidence if you so request. If you do not know any A.A. members, please address P. O. Box 81, Va. Beach, Va.

The Virginia Beach group will hold their weekly meetings each Thursday evening at 8 p.m. in the Council Chamber of the Town Hall.

SUNDAY DINNER

Suggestions

AFTER months of scarcity, onions are back in good supply to perk up spring dinner menus. American housewives will find further good news in early estimates that the overall 1946 onion crop will be a bumper one.

This pungent-smelling vegetable is native to Western Asia, but its popularity has spread throughout the world. Onions now are grown universally. They come to market in three common varieties, white, yellow and red, each with various names according to their size, shape, season and flavor.

The uses for onions are so diversified that the method of serving depends solely upon taste preference, according to the A & P Service for Home-Makers. Some people like them raw, sprinkled with salt and pepper or soaked in vinegar.

Others prefer them fried in crispy rings, as a garnish for steaks, chops or hamburgers. Boiled onions in cream sauce and onions baked around a roast in the oven also have their full quota of loyal adherents. These vegetable cousins of the lily are found in salads and casserole dishes, as a popular ingredient in meat loaves, as a creamed vegetable, in soups, or baked in the oven with a variety of stuffings.

In the kitchen, the onion requires a minimum of preparation, usually just peeling and slicing. To avoid the traditional tears during the peeling process, perform the operation with a gentle stream of water from the faucet flowing over the onions. Cook gently with a cover on the pot to reduce cooking odors.

For Sunday dinner, try a chicken fricassee with boiled onions, potatoes, carrots, a mixed green salad, chocolate pie and a beverage.

Statement of Policy

With the end of price controls, we, at TAILORED TOGS, will
set our own controls - and strictly adhere to our policy of a fair price for
quality. And **NO INFLATION** at TAILORED TOGS.

We have always believed these things to be the corner-stone on
which to build

We believe in **INTEGRITY** . . . It is the only basis for mutual confidence.

We believe in **OUR CUSTOMER** . . . and we hold her confidence as a trust.

We believe in **QUALITY** . . . We will not compromise with inferior quality
or workmanship.

We believe in **FAIR PRICES** . . . based on a normal profit and NOT "All
the traffic will bear" or our customer's "Ability to pay."

We believe in **COURTESY** and **SERVICE** . . . these were never scarce at
TAILORED TOGS.

We believe in being **FASHIONWISE** . . . fashions from the foremost de-
signers only.

We believe in **LABELS** . . . It is a guarantee of the integrity of the man-
ufacturer.

We believe in being a **LEADER** . . . First with the **NEWEST** and **FINEST**.

We believe in **TAILORED TOGS** . . . and that our policy will prevent in-
flation at TAILORED TOGS.

We believe in being the **BEST** store in Virginia Beach . . . and will devote
all our effort to merit the confidence of, and to be of service to, its
people.

Maddox Elected to Head C. & P.

H. R. Maddox

Mark R. Sullivan

H. Randolph Maddox was elected president of the Chesapeake and Potomac Telephone Company of Virginia, effective January 1, 1947, it was announced following a meeting of the executive committee of the Board of Directors.

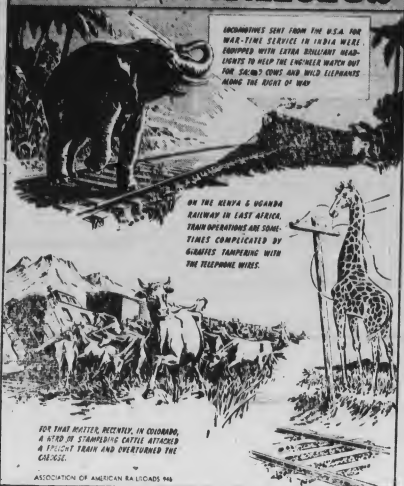

Maddox succeeds Mark R. Sullivan, who will become president of the Pacific Telephone and Telegraph Company.

Beginning his telephone career as a student engineer in Washington in 1921, Maddox has come up through the ranks and has had wide experience with the company.

A native of the Eastern Shore of Maryland, Maddox received his early education in the public schools of Princess Anne, where he was born. He graduated from Baltimore Polytechnic Institute in 1918 and from Lehigh University in 1921.

Sullivan, a native of California and formerly vice president and director of the Pacific Telephone and Telegraph Company, has had a distinguished record in the Bell System. During the war years he was vice president in charge of the department of operation and engineering of the A. T. and T. Company and became president of the C. & P. companies, October 1, 1945.

Kempsville School Adds Class Rooms

Three extra classrooms are being provided for pupils of Kempsville elementary school, as the school's old auditorium becomes converted by carpenters into an annex.

Approximately 35 to 40 children will be moved to each of the new classrooms upon completion. The school has grown in the past six years to double its former student population, Frank Cox, superintendent of Princess Anne County, revealed. Enrollment at this school has increased from 450 children in 1940 to 950 today.

The old auditorium building, which has been given a secondary role in the life of the school since the construction of a new one several years ago, has been in use for small class plays and other affairs.

Banks Company Purchases Hotel

The Banks Hotel Operating Co., which runs the Cavalier and a number of other hotels throughout the East, advised owners of the Ingleside Hotel near Staunton, Va., that it would exercise its option to purchase Ingleside on January first.

The Banks Company, headed by Sidney Banks, took a five-year lease on the building in Staunton June 1, 1944, and claims an option to purchase at any time during the five years for \$150,000. The transaction would include only the hotel proper and not the

adjoining Ingleside Country Club. Some stockholders, however, reportedly said they did not think the contract contained an option clause. Whether the operating company has the privilege of buying or not will be ironed out when stockholders meet November 18.

There's more to a car
than this ...

There's more to
telephone service
than this ...

While you are reading this paragraph, another telephone instrument is being made. Western Electric, supply unit of the Bell System, is now turning them out at the rate of one every six seconds.

Does this mean that all families who are waiting for telephone service will have a telephone next week? No. We wish it did. But in many places, we're still short of central switchboards and other central office equipment. With this other equipment the telephones are only so many instruments—like steering wheels without the cars.

We're installing telephones at a rapid rate. But the new orders are pouring in as fast as we can fill the old ones.

We're busy on the biggest construction and expansion program in our history.

Shortages of materials have held this program back. Now, as conditions permit, we're going full speed ahead—for more and better telephone service than ever.

THE OLD JUDGE SAYS...

OLD JUDGE: "Those steers have certainly done well, Hank. They've put on a lot of weight since I saw them last time. Don't tell me..."

HANK: "Yes, Judge, you guessed it... I'm sure those distillers' 'viced' grains... like you recommended. How did you know they were so good?"

OLD JUDGE: "It only stands to reason, Hank. All the distillers take out of grain during distilling is the starch. The part rich in vitamins and proteins is recovered... dried

...and returned to the farmers as highly nutritious feed supplements. Doesn't it help you save your original grain in feeding, too?"

HANK: "Sure does... about 20%. And my cattle, livestock and poultry are thriving like they never did before. I'm sayin' grain and gettin' fatter, healthier livestock."

OLD JUDGE: "Guess nobody can tell you anymore that distillers waste grain. can they Hank?"

HANK: "Not me, Judge... I know the truth now."

4-H Achievement Program At Kempsville Monday

The County 4-H Club will hold the Achievement Program at Kempsville at 7:30 p.m. on Nov. 25, in the High School Auditorium. Cora Maitre Blackmore, president of the 4-H County Council, will preside.

The meeting will open with music by the Creeds 4-H Club Orchestra, immediately followed by the invocation of J. W. Mast.

The welcome address to the members and guests will be presented by Judge F. E. Kellam.

After a rendition by the Creeds Orchestra the Roll Call of the Clubs will be taken.

The achievement exercises in this program will include exhibits of eggs, garden produce, canned vegetables and corn. Cash prizes will be offered in each class.

Sawyer Home In County Razed By Disasterous Blaze

Aid from firemen came too late to save the home of Hubert Sawyer, Davis Corner resident, whose Virginia Beach Boulevard home burned to the ground in flames of undetermined origin Tuesday.

Answering the call turned in at 11:30 a.m. the Davis Corner fire department pumped 1,200 gallons of water on the blaze which had been raging for nearly an hour. Chief S. E. Marr, Sr., said.

Mrs. Sawyer discovered the flames which had sprung up during an absence of the family when a blast furnace heat greeter her as she opened the front door. The family and neighbors fought in vain to save some portion of the house and belongings before arrival of the firemen. The alarm was turned in by a passer-by, according to Marr.

Fortunately for the Sawyers, the firemen were able to save a partially finished adjacent building which the Sawyers intended to occupy later as their new home. A portion of the rear wall of the old residence was all that remained when the fire was quenched 30 minutes after the arrival of the fire department.

Pumping their 600 gallon pump-bone dry, the firemen had to leave the controlled flames and replenish the truck reserve at a fire hydrant a mile away before declaring the blaze officially out. During the absence of the fire department a bucket brigade kept careful watch of the smoldering embers.

LOCAL RED CROSS AIDS

Miss Pearl Dutz, executive secretary of the local Red Cross, interviewed the stricken family and reported conditions to Robert L. Simpson, H. W. Chaffee and James Kontopoulos, members of the Disaster Committee. Through this committee the available aid for emergency was secured and given to the Sawyer family, four of whose children are enrolled in county schools. Clothing secured through the Red Cross will enable these children to continue attendance in school without interruption though all their clothing was lost in the fire.

Llewellyn Names New Religious Education Teacher

The Rev. Mr. Llewellyn, chairman of the Princess Anne County Council on Week-day religious education, announces that the Council has recently employed an additional teacher of religious education for the public schools of the County. This new teacher is the Rev. E. W. Williams of Norfolk, who will teach Religion in the County's thirteen colored schools.

Mr. Llewellyn states that in providing these three teachers, two white and one colored, makes possible Religious Instruction for every public school pupil in the County.

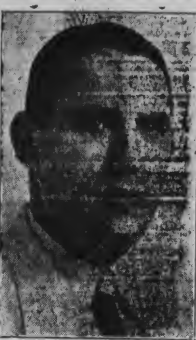

Princess Anne County takes the lead in the State in this vital and needed phase of education.

The work of the Week-day Education Council is among the worthy causes supported by the County Community Fund.

Glee Club To Hold Thanksgiving Dance At Oceana

The Oceana High School Glee Club will sponsor a Thanksgiving dance in the high school gymnasium on Saturday, November 23.

Dancing will be from eight p.m. until midnight and the proceeds will be used to purchase music for the school.

W. W. JOHNSON

Scout Court Of Honor To Be Held Monday, Nov. 25

W. W. Johnson, district chairman of Boy Scouts of Princess Anne County, announces the fall Court of Honor which will be held at the annual district meeting on Monday evening, November 25 at 8 p.m. in the Town Hall.

Awards will be made to the scouts who have attained highest rank and there will also be the election of officers for the district to serve for the coming year.

Modlins Return From Ceremonies In Richmond

Dr. George Mathews Modlin, son of Mr. and Mrs. J. W. Modlin was honor guest at a reception and dinner Friday evening preliminary to his inauguration the following day as fourth president of the 114 year old University of Richmond.

Mr. and Mrs. Modlin have returned to the Beach after attending the dinner and reception given by the board of trustees and attended by more than 200 delegates representing sister educational institutions.

Dr. Modlin's inauguration in Cannon Memorial Chapel took place at 11 o'clock Saturday morning with Edward R. Steinhilber, Jr. former Secretary of State and recently elected rector of the University of Virginia, as principal speaker.

Dr. Freeman delivered the charge to the new president, whose inaugural address concluded the program.

Dr. F. W. Boatwright, president of the university from 1895 until his resignation in June and now its chancellor, presided over the inaugural exercises.

Delegates were luncheon guests at Richmond College refectory following the exercises, then attended the football game between University of Richmond and VPI as guests of the University.

R. W. Dall Motors Robert W. Dall, accountant, who has had an office in the Virginia Beach News building has recently moved to Atlantic Ave. across from the Bank of Virginia Beach.

Due to an increase in staff and a need for more working space, Mr. Dall moved to larger quarters last Friday. He is now located at 1803 Atlantic Ave. in the building with the "Duck" Braithwaite Real Estate office.

Nursery School To Open At Beach

In keeping with the "back to school" idea or the trend of early education Mrs. C. Rexford Lowen is accepting enrollment in a "Cherub College".

This nursery preschool will be in session each Monday through Friday from 9 a.m. to 2 p.m. for all children between the ages of 3 and 5 and Mrs. Lowen is now accepting applications for the semester January to June. The classes will be held at her home on 26th street and Mrs. Lowen says the enrollment will be limited in order that individual attention may be given and special tutoring made possible.

NOTICE

Please bear in mind that THE

NEWS will go to press WEDNESDAY, November 27, on account of the Thanksgiving holiday. All advertising copy and news articles must be in the office not later than Monday evening, November 25 in order to appear in the issue of Thanksgiving.

Firecrackers Cause Accidental Injury

Chief of Police Clarence Hoback is desirous of calling to the attention of parents in Virginia Beach that there is an ordinance against firing of fire crackers in the town limits. This ordinance is being violated by children in certain sections of the Beach.

One child was severely wounded by the explosion of a fire cracker under a tin can. The accident necessitated immediate medical attention.

Chief Hoback asks that all parents cooperate with the town authorities to prevent any recurrence of the accident.

600 Pounds Of Clothing Sent To Holland Relief

The drive for clothing conducted under the auspices of Lone Troop 2 of the Girl Scouts was highly successful, according to Mrs. Emmett Kyle, leader. Through the generosity of W. F. Crockett a special movie performance was given when the price of admission was an article of clothing. Mrs. Kyle said that 600 pounds of clothing had already been shipped to headquarters in New York and she further stated that 800 pounds are expected before the end of the drive.

The Virginia Beach Garden Club as sponsors of the group will take any article intended to aid in this drive.

The Fidelis Class of the First Baptist Church held its regular monthly luncheon at the Essex House Thursday, November 14 with 17 members in attendance. The devotion was led by Mrs. John Bell and Mrs. Kenned Jar. Mrs. Roy Peterson is teacher of the class.

Mrs. L. C. Mallory was elected vice-president of the class. Plans for the Christmas party were discussed at the business session.

New Bakery Opens On Atlantic Ave. FIRE DESTROYS LONDON BRIDGE BAPTIST CHURCH SATURDAY

A modern retail bakery trading as URQUHART'S PLACE will open for business Monday, November 25. Owned and operated by D. M. Diggs and H. R. Gerry the new shop will be located at 1908 Atlantic Avenue.

For the past twenty years Mr. Diggs has been in baking business and is well known in Norfolk through his connection with Mrs. White's and Mrs. Urquhart's bakeries. Mr. Gerry has operated the Terminal Luncheonette at the bus terminal for a number of years.

The sales department will be managed by Mrs. Laura Westcott, long associated with food business in Norfolk.

According to Mr. Diggs, they will follow the usual policy of using only the best ingredients available. They will provide all kinds of breads and pastries with special attention to birthday and wedding cakes.

An informal open house will be held Monday evening from 6 to 10 p.m. The public is invited and refreshments will be served.

Beach Music Club Program Centered Around Dance

The November meeting of the Virginia Beach Music Club was held at the home of Mrs. Roland Thorp on 115th street with Mrs. MacLin Simmons as co-hostess.

The program for the year is under the direction of Mrs. Raymond Pritchard and dance forms will be the study for the year, with special emphasis on the emotional influence of composers on their works.

Mrs. Everett was in charge of the hymn of the month and gave a discussion of the composition. The hymn was sung by the club members.

Vocal and instrumental numbers in varied dance forms were rendered by the Madames Harding, Thorp, Everett, Hendley, Hilliard, Wickham, Barnum, Deal and Church with a description of each number and composer given by the member of the club before rendering the selection.

Tea was served at the close of the program. Mrs. James McWilliams presided at the tea table.

Woody Seamans Loses Thumb In Hunting Accident

Woody Seamans suffered the loss of a thumb on his annual deer hunting trip in northern New York State.

According to Mr. Seamans the intense cold numbed his hands and he did not realize that his thumb was in danger.

After a day or two in a hospital while the physician told him his hunting trip was over for the season, Mr. Seamans returned to the woods with his friends and his gun and killed the only deer taken on the trip.

Powells Operating Tally-Ho Stables

The Tally-Ho Riding Club has been organized and is now functioning to give local residents the opportunity for riding for pleasure and instruction to the beginners. Operated by Kitty and Dick Powell and Bob Brown the Club is located on Avenue C extended and horses for the hunt as well as general use are available, according to Mr. Powell.

Along the shores of Crystal Lake and in the Seashore Park bridal paths lead through woods with moss hung trees. Hundreds of song birds inhabit the woods and a natural beauty abounds the bays. The Tally-Ho Riding Club is ready to turnish horses to those who wish to avail themselves of the opportunity of riding on the sands and through the woods adjacent to Virginia Beach.

The 150 year old London Bridge Baptist Church, oldest Baptist Church in Princess Anne County, was destroyed by fire early Saturday evening.

Fires had been built during the afternoon in preparation for the Sunday services when a passer-by noticed smoke coming from the roof in the rear of the building about eight p.m.

Fire fighting equipment from Virginia Beach, London Bridge, the Naval Air Station at Oceana, Deep Creek and Oceana responded. The entire interior was enveloped in flames and part of the walls collapsed before the first apparatus arrived.

The building has been remodeled several times since original construction. C. T. Whitehead of Oceana, said. Built with its side to the road, it was turned to face the road. About 40 years ago it was remodeled inside, and 25 yrs.

Police Apprehend Four Juveniles On Forty Seven Charges of Larceny

The arrest of three white juvenile boys on Saturday November 16 terminated the search for suspects in store breaking and larceny which started June 3 at the Beach.

Following lead gained through finger prints an pair cowboy boots, R. E. Johnson, Sgt. E. A. Kinneer and officer J. E. Moore, followed two of the suspects who boarded a Norfolk Southern bus headed for Norfolk. Kinneer and Johnson stopped at Glen Rock and hid behind a store, picked out only by hunch, while Moore followed in a second car.

The waiting officers soon were joined by Moore and, in a matter of minutes, the boys appeared in view. They went to work on the store and were apprehended on the inside. Through these two the third and fourth youths were picked up. Their finger prints tallied with those found at break-in scenes.

In the home the officers found what they had been looking for for months—a pair of cowboy boots, the tracks of which had been found in the vicinity of several store break-ins. "Cowboy boots," Johnson explained "make a peculiar track with a small heel mark."

Under questioning the boys admitted having plundered, individually and collectively, 47 pieces of business in Virginia Beach and Princess Anne County.

County police were high in the praise of work done on the case by beach citizens not connected with the force for their assistance in surveillance, without which the cases could not have been broken.

COMMERCE LEADS INTIDEWATER CHRISTMAS SAVINGS ACCOUNTS

Six hundred and thirty-five million dollars were distributed to about eight million three hundred and sixty thousand Christmas Club members by approximately five thousand banking and savings institutions and other organizations during National Prosperity Week, starting Monday, Nov. 25, according to an estimate given out by Herbert F. Rawell, founder and President of Christmas Club, a Corporation.

The total distribution is 15.7% ahead of last year and represents an all time high for the thirty-six years of Club operation. The average per member distribution is about \$100.00 in large Metropolitan areas, as against \$72.00 last year. The total number of individual members participating this year shows an increase of seven hundred and sixty thousand over a year ago.

The estimated total in Virginia was \$25,000,000, according to Mr. Rawell and the National Bank of Commerce through its main bank and branch offices, distributed \$1,217,917 to over 15,000 members. This amount exceeded any bank in Tidewater Virginia, according to information from the Christmas Club division in the main bank in Norfolk.

PARENT TEACHERS MEET

The Oceana Parent Teachers' Association held its regular monthly meeting Tuesday November 19, at 3:30 p.m. in the school auditorium Mrs. Holland, president of the organization, presided. One of the parents brought to the attention of the Association that motorists do not obey the State law which requires motorists to stop behind a stopped school bus and which also requires oncoming motorists to stop when the school bus stops. School children are supposed to walk in front of the stopped school bus to safety. Every day there are many violations of this

The Rev. John F. Stone, pastor of the London Bridge Baptist Church, has announced that the church has secured the use of the Oceana High School auditorium for services. Sunday school will be held at 10 a.m. followed by the church service at 11 o'clock.

ago Sunday school rooms were added to the rear an two brick wings were added. The original building was of brick.

Records of the church go back to the days when the pastor was paid partly in money and partly in leaf tobacco. Whitehead said. When the ruins were examined the discovery was made that the church had had two bells in the steeple, a fact unknown to present members of the church.

According to Mr. Stone, plans will be made as soon as possible for rebuilding the church.

"THE VOICE of a majority, swaying the course of government does not insure good government except it be the voice of a well-informed and well-intentioned people."

VIRGINIA

Historic Virginia, revered as the State which has given America "an illustrious roll of Presidents and great statesmen from George Washington to the incomparable Carter Glass," was paid high tribute this week by John A. Stevenson, president of the Penn Mutual Life Insurance Company, in an address given at Hot Springs.

Speaking to 120 company representatives who came to The Homestead from all parts of the United States for the first post-war conference of General Agents Mr. Stevenson said: "When we get a little low in our understanding of good citizenship, we should come to the beautiful State of Virginia to have our batteries recharged on values and the eternal verities which have made America great."

"All of us visit the grand old State of Virginia in a reverential mood when we think of the presidents and statesmen from here who have contributed so much to our American way of life," Mr. Stevenson said. "If we could call the roll of presidents—Washington, Jefferson, Monroe, Madison & Woodrow Wilson—they could give us good counsel in adjudicating differences. I suspect however that George Washington, today, would change his point of view regarding entangling alliances in the realization of how greatly the world has shrunk and how much the difficulties and complications have increased as a result of industrial expansion and modern world problems."

"I am very strong for the solid, vision and intelligence demonstrated by the great leaders of this State—military, educational

WHERE DO YOU FIT?

Where do you fit in this world of ours, With its hustle and bustle and work; Are you one of the throng that helps it along— Or are you with those who shrink? Do you hit the job with a smile or frown; Do you carry a grouch all day; Are you one of the flock that watches the clock; Are you workin' for more than pay? Is your job man-sized and worth the while. When you've tallied up your score Are you keepin' fit and doin' your bit. And perhaps a wee bit more? Are you one of the average just drifting along? Are you listed as Profit or Loss; Are you stallin' for time or startin' to climb; How much are you puttin' across? Just pull in your slack and count up your score. Locate what you're aimin' to hit— Don't waste ammunition and all your ambition But find out just where you fit.

State Grange Urges Excise Tax Repeal

Asserting that farmers operate more than one third of the motor vehicles in this country, the Virginia State Grange in its 19th Annual Convention at the Jefferson Hotel, Richmond, Virginia, October 29 - 31 called, by resolution, for a speedy and outright repeal of federal excise taxes on automotive vehicles, parts, tires, tubes, accessories, petroleum products, etc.

Other highway subjects also covered by resolutions at these meetings included highway safety, sound longrange highway planning, more liberalized sizes and weights laws for Virginia and a positive safeguard against the misuse of highway revenues.

Dr. Paul D. Saunders, State Grange Master, Richmond, Va., described the federal automotive excises as "a discriminatory tax imposed upon one particular class of people, specifically the motor vehicle owner." These taxes he said "were levied as war emergency measures during World War I; later repealed when the financial emergency was eased, re-enacted as temporary emergency revenue measures during depression years and approximately doubled dur-

ing World War II. They have cost motor vehicle owners more than 7 billion dollars and over \$744,000,000 in 1945 alone."

Dr. Saunders further stated that "the federal government should contribute to the cost of highways from sources of general revenue because of the benefits of highways to the national defense, delivery of the mail and interstate commerce. The tendency in Congress during the recent years seems to relate federal excise taxes to federal aid for highways and this is wrong," he said. It was voted that a copy of the resolution covering the excise tax repeal be sent to President Truman, Governor Tuck and all of Virginia's Congressional Delegates.

Mrs. Norman Scott returned on Monday to her home in Rudee Heights after visiting friends in Baltimore, Md.

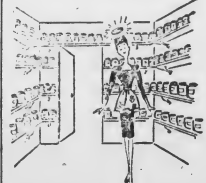

TOW I know why mother always managed to entice her afternoon callers down to the fruit cellar to view her jams and jellies... I'm experiencing the same glow of pride on a smaller scale, as the smiles from our Victory garden reveal in this lot of food for this winter.

But where to store them? There wasn't room in the kitchen, and the heat and light would eventually cause their contents to spoil. Then the master of the McBridge household came up with an idea. "Put them in a basement," said he, "where they'll be cool."

But there aren't any shelves down there. The McBridge jars will get shabby and broken, I protest.

"Just get 'em built," replied John as he set off in the direction of town.

Our dealer had on hand large panels of 1/2-inch laminated gypsum wallboard which were exactly what we needed for a tidy storage closet, practically eliminating the need for critical lumber. We set the panels in place between floor and ceiling runners secured by available wood trim.

For shelves we used two thicknesses of 1/2-inch gypsum wallboard which we laminated ourselves by placing spots of plaster of Paris 1/16 of an inch thick about four inches apart on the boards to give just the proper strength to support the heavy jars. The shelves were spaced a foot apart, using ordinary shelf braces at 8-inch intervals. Nice feature of our new basement closet is that the empty jars and glasses can be put back there where they will stay safe and clean until needed next year.

Out of the scraps left from the closet, John made a rack on which to place baskets of potatoes and other root vegetables. It has four deep shelves, each of which will accommodate five baskets. The McBrides are mighty proud of their fruit and vegetable storage center and were planning now to resurface the walls of the entire basement—and ceiling—with gypsum wallboard to convert it into an attractive recreation center.

Why Bert Won First Prize

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the booth white and spotless.

"Trimmin's" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a wholehearted supporter of "Belt Regulation." That's the system by which the Brewers and tavern keepers themselves make sure that tavern selling beer are clean and orderly.

From where I sit, people like Andy also rate a "First prize" not just for the quality of the product—but for the "trimmin's" too.

Barter Theater Looks To Beach

Robert Porterfield, founder and director of the world famous Barter Theater, in outlining some plans for bringing dramatic art to rural sections of Virginia expressed interest in presenting his theatrical productions at Virginia Beach during the summer months if a theater or building suitable for staging the production can be secured.

Playing in Norfolk

The Cosmopolitan Club of Norfolk is currently sponsoring six plays while here being presented at the Blair Junior High School in Norfolk. Looking back to the lean years of 1933 when the theater was organized in Abingdon, Mr. Porterfield said, "We cleared \$4.30 and two jars of jelly that year." A show which was presented at the box office then and her descendants have provided the hams used to pay royalties on the authors whose plays have been presented since that time. The only author who refused, according to Porterfield, was George Bernard Shaw, a vegetarian. "He asked us to send spinach instead," added Porterfield.

Ensemble Approach

The proficiency of the actors is attributed by their director to their mastery of ensemble approach which they have acquired by acting together so constantly. Porterfield cited London's Old Vic Company as another example of success through the same method.

Virginia's State theater will be used as exhibit A. Porterfield said, when a group of prominent New York actors and actresses meet in New York on December 5 to formulate plans for creating a lease bank to finance similar theaters.

When the Barter Theater opens its run in Richmond on December 2, constituting the first performance of a State Theater in a State capital, Mrs. Truman and her daughter, Mary Margaret will be among the guests, Porterfield said.

A newcomer to the company next year will be Mrs. Wendell Wilkie, who will conduct theater nursery in Abingdon for the children who accompany their parents to the plays.

READING & WRITING

BY Edwin Sauer and Robin McKinn

The Book-of-the-Month Club has a ruling that no book written by a member of its Editorial Board can be a Club selection. This applies to John P. Marquand, who, before he became one of the Club's judges—along with Dorothy Canfield, Clifton Fadiman, Henry Seidel Canby and Christopher Morley—had two books-of-the-month to his credit—"H. M. Pulham, Esq.," and "So Little Time."

JOHN P. MARQUAND

His new book, "B. F.'s Daughter," is being hailed as "the best of Marquand's five novels of our American way of life." "B. F.'s Daughter" tells the story of Polly Fulton, who has money, glamour and intelligence, and who still cannot find a happy life for herself. It is also the story of the disruption of the civilization that came at the backwash of the war. The scene shifts from New York to Connecticut to the Pentagon Building in Washington.

Mr. Marquand is a skilful writer who knows how to tell a story. His book holds your interest from the first page to the last. He knows his people. In fact, as one critic on the dust side commented, he shows an understanding of women that makes one downright uneasy.

Letitia Preston Osborne, author of "They Change Their Skies" and "Through Purple Glass," claims to be the only living lady novelist who is loved by an iguana. It seems that recently when she vacationed in the Honduras, an iguana, a dreamy, Latin type, kept watching her from a neighborhood tree. Finally one day he showed up in the family bathroom with a hopeful and admiring look on his lizard's face. He was removed by the blood man.

You don't find much conjugal happiness among the scorpions, relates Jean Ham Fabre in "Animal Tales," an anthology edited by Ivan Sanderson. The courtship between a male and female scorpion takes the form of a wrestling match. To increase the lady's interest, the male stands on his head. Then they go for a walk, during which it is always he who decides which fresh turn the pair should take. But alas! his dominance does not last. When the courtship is over, she calmly devours him.

Chaffee Named Scout Trustee

At a meeting of the Executive Board of Tidewater Council, Boy Scouts of America, held Tuesday November 12, approval was given to the appointment of six men to serve as trustees for Tidewater Council's trust fund, these men being Frank W. Evans and L. Jerome Taylor of Norfolk, E. W. Maupin, Jr. of Portsmouth, H. W. Chaffee of Virginia Beach, Miles Clark of Elizabeth City, N. C., and H. A. Campen of Edenton, N. C.

Some time ago, the Council executed a declaration of trust creating a Boy Scout trust fund upon the recommendation of F. W. Evans, M. B. Wagenheim and Henry Lewis serving as a special committee appointed to study the matter.

A basis for this fund of the future has been laid through small memorial gifts contributed by friends of the late Eugene L. Graves and the late David H. Goodman both of whom had given many years of outstanding service to Scouting. From this beginning the local Council expects the fund to grow year by year.

the parties mentioned herein, if any there be and all other persons who are, or may be interested in the subject matter to be sold or disposed of in this suit, whose names are unknown, all of which unknown parties are proceeded against by the general description of "PARTIES UNKNOWN", Defendants.

The object of the above styled suit is for the plaintiff to subject the following real estate, situated in Princess Anne County, Virginia, to the lien for taxes due said County on the following described property:

That certain piece or parcel of land, situated, lying and being in Fungo Ridge, and known as the swamp land of Jesse Barnes, dec'd, being devised to J. T. Barnes by will of said Jesse Barnes, dec'd, containing thirty-seven and one-half (37½) acres, more or less, and bounded and described as follows: on the North by the land of J. W. Carroll; on the East by Samuel Burgess; on the South by J. A. Barnes, and West by the Pollard Tract; and being the same property which was conveyed to John W. Carroll, as J. W. Carroll, by deed of James T. Barnes, et ux, dated September 28, 1899, and duly recorded in the Clerk's Office of the Circuit Court of Princess Anne County, Virginia, in Deed Book 69, page 29, which property is owned by the above named defendants.

And affidavit having been made according to law, that John W. Carroll is not resident of the State of Virginia, and that his last post office address is unknown and if he be dead, his heirs-at-law and devisees are not residents of the State of Virginia and are unknown, and that any lien creditors of the party mentioned herein or his heirs or assigns, if any there be, whose names are unknown, are not residents of the State of Virginia and that their last post office address is unknown, and that there are or may be other parties who are or may be interested in the subject matter to be sold or disposed of in this suit whose names are unknown, all of which unknown parties are proceeded against by the general description

of "Parties Unknown", it is ordered that they do appear in the Clerk's Office of our said Court within ten days after due publication hereof and do all things necessary to protect their interests.

It is further ordered that a copy of this order be published in the Virginia Beach News, a newspaper published in the County of Princess Anne, once a week for two (2) successive weeks and that a copy be posted at the front door of our said Court on or before the next succeeding Rule Day.

The Norfolk and Western Railway has a strong faith in the continued development and progress of the great territory it is privileged to serve — your city or town, county and state. That faith is translated into positive action — "telling the world" about the area the railroad traverses.

In an extensive campaign extending over many years, N. and W. advertising published regularly in leading national magazines has proclaimed the unusual advantages and almost unlimited industrial opportunities in its territory.

During a single month, Norfolk and Western advertisements, like those reproduced here, appear in magazines and newspapers with a 18,000,000 circulation, which is distributed throughout the United States and many foreign countries.

"Abundant raw materials, intelligent, hard-working people, excellent climate, a friendly tax policy, a year-round ice free ocean port, and plenty of room to grow . . ." these are some of the things the N. and W. "tells the world" about its territory — you and your community. They are assets which help to build communities and community business.

The Norfolk and Western takes pride in telling the story of the communities along its line . . . for this railroad grew up with those communities . . . and with them, all working together, will continue to grow and progress.

COUNTY TB XMAS SEAL SALE STARTED, LETTERS ALREADY OUT

The 40th annual Christmas Seal Sale is in progress. Letters and seals have been mailed to citizens in the county by the committee in charge. Mrs. Rufus Parks, County Seal Sale chairman is asking the cooperation of every citizen in the community in order to continue the work now being done. Eighty cents of every dollar contributed stays in Princess Anne County; only 15 cents goes to the State and five cents to the National Association.

The County has maintained a mobile X-Ray unit, an executive secretary and staff have been employed, working with Norfolk County Association, hot lunches are served in the three colored schools in the county and clothes laundry and other expenses supplied in Sanatorium cases.

Mrs. Parks says that continuation of this work depends on the sale of Christmas seals and urges every one in the community to BUY AND USE Christmas Seals. The district chairman through whom the seals may be secured are:

Mrs. Charles Lewis and Mrs. P. O. Baum, Blackwater District; Mrs. Webster Hiltchew and Mrs. E. W. Odlin, Lynnhaven District; Mrs. B. D. White, Mrs. Charles Hodgeman, Kempsville District; Mrs. I. L. Hancock and Mrs. Clay Ackiss, Pungo District; Mrs. Frank Kallam; Seaboard District; and Mrs. R. B. Taylor for Virginia Beach.

Bible Class To Present Mystic

The Men's Bible Class of the Virginia Beach Methodist Church is preparing a gala magical event for December 6, Mystic Shore, world celebrated magician, will be presented in two performances in the Oceana High School auditorium, matinee and evening, and according to Mrs. J. E. Jard, who is making arrangements for the entertainment, this performance of magic hypnotism and "spooky" will thrill the most skeptical and, according to pre-view "its ghastly, its horrible, its out of this world."

Lions Club Turkey Raffle Brings \$750

Turkey, turkey, who got the turkey? Twenty five lucky people in Virginia Beach are proud possessors of a nice bird for Thanksgiving, through their own luck and the generosity of the Virginia Beach Lions Club.

For several weeks members of the club have been feverishly at work trying to sell the greatest number of tickets. The winner of the honor and a turkey was Sam Pidgeon with 1-127 tickets to his credit and \$112.70 turned in to Horace Simmons.

The drawing of lucky numbers took place at the Virginia Beach Bowling Alley on Monday evening at 9:00 p.m. with the following persons winning the other 24 birds:

M. W. Bacon, M. Brown, Frank Magerath, Minnie Sharet, Jake Leland, Mrs. Ben Wroton, Doris L. Wiggin, J. H. Sivells, J. Teal, W. L. Baum, J. S. Faulkner, W. Bell, Fred W. Greene, John Bell, R. S. Kramer, Jimmie Jordan, J. E. Nixon, Mrs. L. W. Tume, Virginia State Motor Co., A. V. Spence, Mary Berris, R. H. Baillo and B. J. Claudy.

The total receipts for tickets sold was \$750.

Llewellyn Urges 'Share With World Thanksgiving'

The Rev. I. L. Llewellyn, Area Representative, Church World Service, is making an appeal to the Christian People and churches of the community and country in behalf of the suffering, starving millions in Europe. Mr. Llewellyn says:

"Because the need of the people of other lands are so distressing and their lot so bitter, it is proposed to churches of all denominations that at Thanksgiving time an earnest appeal be made to 'share their Thanksgiving' with those who are dying for want of food. This is a supreme opportunity for the people of this God-Blessed land to bring relief, mercy, hope and life to multitudes of men, women and children who are suffering so greatly with disease and hunger, thousands of whom are doomed to perish this winter unless some such ministry of Christian love and helpfulness comes to them speedily.

Thanksgiving is a time when Christian people should express their gratitude to God for his goodness by deeds of love-generous giving for the relief of lesser privileged ones.

As we gather together to worship God on Thanksgiving Day, whether it be in our own church, or in a community Union Service, let every Christian share Thanksgiving by making a special gift for those suffering ones in the war devastated areas. Let us measure our gift with the awfulness of the need and the greatness of God's love."

All offerings will be promptly and directly sent to Church World Service, 37 E. 36th street, New York 16, N. Y. A world relief organization in which twenty five of the major church groups of America are cooperating.

Offerings may be sent to Rev. Irving Llewellyn, Area Representative, Church World Service.

DEATH IN COUNTY

Mrs. Rhoda Payne Waterfield, 87, widow of William Stuart Waterfield, died at the residence, Credit Monday morning at 10:15 a.m. She was a lifelong resident of Knotts Island.

She is survived by two daughters, Mrs. Betty Simpson, of Knotts Island, N. C. and Mrs. J. T. Stoyon, of Creggs; 10 grandchildren, 22 great-grandchildren, and one great-great-grandchild.

Let Us Give Thanks

To a people so blessed with material prosperity and every evidence of an Omnipotent and Omnipresent God it is a fitting thing to reflect upon the mercies and blessings accorded and to return thanks to Almighty God for all of His favors.

While this is, in part, the daily custom of devout, religious people there is something impressive in the mass observance of a special day by the people of any community. By official proclamation, Thursday, November 28 has been designated as Thanksgiving Day and the people of the United States have been urged to utilize the holiday as an occasion upon which to meditate.

Let us all, therefore, in our own way, take part in Thanksgiving Day this year. Our nation has withstood all threats, our way of life survives and we are enjoying great freedom from want and oppression.

May we all, with grateful hearts, humbly give thanks.

Hunt Breakfast

Miss Gerry Midgett will entertain the members of the Princess Anne Hunt Club at a hunt breakfast at her home on 32nd and Pacific Ave. Following the Thanksgiving Hunt. Her guests will number 25.

The Princess Anne Hunt Club with K. C. Johnson, Master; Miss Susan Potter, Joint master; Gerry Midgett and Robert Brown, Whipper-in, will meet at the kennels, Avenue C extended, at 9 a.m. for the Thanksgiving hunt.

BENEFIT DANCE AT MARR'S BARN NOVEMBER 30th

The Davis Corner Auxiliary Fire Department will have a dance at Marr's Barn on the Boulevard, Saturday, November 30, from 9 to 12. Fire aid through out the County is a vital necessity an these auxiliary fire department need the support of the community. E. E. Mamby, secretary of the Davis Corner Auxiliary Fire Department is asking the support of the citizens in the County. The proceeds realized will be used for need fire fighting equipment.

Stallings Funeral Set For Friday

Funeral services for J. Street Stallings, Jr., 24 who died on August 24 of injuries sustained in a jeep accident on Okinawa four days earlier, will be held at the H. D. Oliver Funeral Apartments Friday at 2 p.m.

The Rev. Roy Peterson, pastor of Virginia Beach Baptist Church will conduct the services, and burial will be in Forest Lawn Cemetery.

Stallings was assigned to an Army transportation Service LST and was on liberty at the time of his death. Military services were held on Okinawa after his death and Army authorities said the body would be returned as soon as possible.

He was a graduate of Oceana High School and attended the Maritime Academy at Kingspoint, N. Y., before entering the transportation service.

Surviving are his parents, John S. and Mrs. Naomi Griggs Stallings; a brother, Arthur Carey Stallings; and his maternal grandfather, Joseph Griggs.

Memorial Tree

A magnolia grandiflora tree will be planted during the week by the Lynnhaven Garden Club in the yard of the Lynnhaven Presbyterian Church as a living memorial to those of the vicinity who served in World War II, and will be dedicated Thanksgiving Day at noon. The Rev. W. H. T. Squires, D.D. will deliver the dedicatory address.

This tree is not a monument, as all the 60ys of the community returned. It's rather a living and growing symbol of appreciation of those who served their country according to a statement by Mrs. H. W. Ozlin.

Galilee Auxiliary To Meet Dec 3

Mrs. John F. Winn, president of the Women's Auxiliary of the Galilee Episcopal Church, announces that the December meeting of the auxiliary will be held in the parish house Tuesday, Dec. 3 at 11 a.m.

Mrs. Winn is requesting a full attendance as officers for the coming year will be elected.

Press Barred From County Board Meeting

Teachers Petition For Raise

A request for a salary increase to meet the rising cost of living is being prepared by a group of classroom teachers in Princess Anne County, headed by Miss Anna Gordon Borrett, a member of the faculty of the Oceana Schools.

Miss Barrett, who has been named chairman of a special committee to petition the school board and the county board of supervisors, said a preliminary conference already had been held with F. W. Cox, superintendent of schools on the subject.

It was learned that a petition is now in circulation and will be presented to the school board at its next regular meeting December 17. The board of supervisors will meet tomorrow, but no formal presentation of the request is expected to be ready for its consideration.

VA Contact Man To Be At Beach Every Monday

The Veterans Administration has explained the extent of the medical services which may be rendered veterans under VA's hometown medical care program.

Mr. Harry M. Rogers in charge of the Virginia Beach VA office, emphasized that under existing legislation veterans may be furnished out-patient medical or dental treatment in VA clinics, in private offices of physicians or dentists or in their own homes only for disabilities recognized by VA as incurable or aggravated in line of duty in active service.

Only prescription for service-connected disabilities may be filled at government expense by local pharmacies for physicians who have received prior authorization from the Roanoke Regional VA office for treatment, he added.

The medical facilities of VA regional and sub-regional offices, clinics and hospitals under law must be utilized to the fullest extent for examination and outpatient treatment of veterans, it was said. When determining whether a veteran residing in an area where there is a VA field station, clinic, hospital, etc., is to be referred to a VA clinic or to a civilian physician, the best interests of both the veteran and the government will be considered, the VA official explained.

The Veterans Administration explained today that disabled veterans need not fear that accepting employment will deprive them of part or all of their compensation for service-connected permanent disability.

Harry M. Rogers, in charge of the Virginia Beach VA Office, said that it has been established that no reduction will be made in the compensation received by a permanently disabled veteran, even though he is able to earn his living through a full-time job despite his handicap.

In fact, the VA official said, the entire VA rehabilitation program is directed toward making disabled veterans self-sufficient independent citizens regardless of the severity of their permanent health impairment. It has been ruled, however, that their benefits from the government will continue.

Mr. Rogers will be in the Council Chambers of the Town Hall at Virginia Beach between the hours of 8:30 a.m. and 5:00 p.m. on Monday of each week to aid any veteran desiring information.

OCEANA CHURCH SERVICES Community Thanksgiving for the Lynnhaven, London Bridge and Oceana Churches will be conducted in the Oceana Methodist Church Thursday, 10:30 a.m., with the Rev. Leon Smith of Lynnhaven as guest preacher. Special music will be rendered by the church choir under the direction of Mrs. Noda Llewellyn.

In the morning session of the Princess Anne County Board of Supervisors the members voted to extend the Virginia Beach Gas Corporation a "30 year privilege" to pipe gas to Princess Anne County in the north and south of Virginia Beach as well as in the town of Oceana.

At a previous meeting Ray C. Smith, president of the corporation making the franchise application before the board and the matter was referred to a committee headed by Walter Maher, with Commonwealth Attorney, J. W. Adams instructed to investigate the legality of such a privilege.

The board was notified by the State Highway Department that a traffic light would be installed at the intersection of the new minimum density roadways. It also voted to install traffic lights in the Glenview neighborhood.

The county supervisors adopted an ordinance for the paving of the Kempsville road from the Norfolk city limits, near the school works, to Virginia Beach Boulevard. Under its terms, the area adjoining the road will be required to residential purposes, commercial offices, churches, schools, Roadway advertising signs and the display of goods for sale will be forbidden.

The ordinance also set a \$10000 minimum on residential costs, exclusive of land and established 50 foot setbacks for houses.

FINES BARRED

The final session of the joint meeting of the Board of Supervisors and the County Board was held behind closed doors when members of the press were asked to retire. It was generally assumed that the joint session was linked with the petition for raise in pay for county officers.

While the Board of Supervisors has nothing to do with School affairs it must approve the school budget in which any increase would figure.

It is understood that a second joint meeting of the two boards is planned for December 10 at which time the press shall again endeavor to bring you the facts as they are presented to the County Board.

N & W Cuts Train Service On Several Passenger Runs

Complying with government orders to curtail coal burning passenger train mileage by 75 per cent, made necessary by the threatened coal shortage, Norfolk and Western Railway officials today announced the temporary discontinuance of 13 passenger trains, effective at 11:59 p.m. on Sunday.

The railway's action is based upon the following order from the Office of Defense Transportation: "No common carrier by railroad engaged in the transportation of passengers within the continental United States shall on or after 11:59 o'clock p.m. November 24, 1946, and until further orders of the Office of Defense Transportation, operate a train, daily coal-burning passenger service inclusive mileage in excess of 75 per cent of the total coal-burning passenger service inclusive mileage operated by it on November 1, 1946."

The trains which will be discontinued temporarily by the Norfolk and Western are: Nos. 35 and 36, The Roanoke Arrow, operating between Norfolk and Chesapeake; Nos. 36 and 37, between Lynchburg and Durham; Nos. 12 and 13, between Roanoke and Bristol; Nos. 11 and 12, between Lynchburg and Williams; Nos. 3 and 4, between Roanoke and A. A. Thomas Station; Nos. 161 and 162, between Welch and Jacksonville; and No. 163, which operates from Welch to Wilcox.

All of these trains will be curtailed to service as soon as the coal situation improves.

THE OLD JUDGE SAYS...

HENRY: "I've heard that same thing several times lately... that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"

OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine... it's a statement made by scientists who have studied the subject."

HENRY: "What did they find out, Judge?"

OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink drink sensibly, 5% do so unsensibly, at times.

Included in that 5% is the small percentage known as alcoholics."

HENRY: "But why are they called sick people?"

OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment... not the cause of it."

HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

"THE VOICE of a majority, waying the course of government does not insure good government except it be the voice of a well-informed and well-intentioned people."

STUDY IN IRRESPONSIBILITY

Worfolk Ledger Dispatch

Almost immediately upon John L. Lewis' announcement last Friday that the United Mine Workers' contract with the government would be terminated in five days, miners began leaving their jobs. By Monday 32,000 had quit work. Yesterday the number had grown to 40,000. There is no indication that John L. Lewis had lifted his voice against this exodus which was closing down mines after mines while the union contract still was in force.

Seldom has this country witnessed a clearer display of irresponsibility on the part of labor leadership and labor's rank and file. Although Lewis' reason for announcing the termination of the contract was a petty reason, the contract by his own edict was not to be scrapped for five days. He and his followers were still bound by their obligations. The spreading stoppage of work in anticipation of the contract termination reflects the regard of the members of his union for the obligations which they had assumed.

This advance walkout of the miners was not the sporadic action of individuals, exercising their clear right to stay away from work. It was obviously a concerted movement which John L. Lewis could have stopped with a word. Good faith would have required that he use his authority to keep the mines operating until the prescribed deadline arrived. His silence in the face of wholesale mine shutdowns days ahead of the scheduled contract termination encouraged the movement.

What can be done to safeguard the country against the repetition of this form of labor pressure is not clear. But the nation's industrial and economic health requires a much greater degree of responsibility than has been exhibited.

If the present disturbance brings a curtailment of the coal supply that will disrupt industry and threaten the public welfare.

the most Congress almost certainly will be moved, by a wave of public indignation and resentment, to impose drastic curbs upon labor. It may even be impelled to take action which should not be taken. John L. Lewis has strengthened the swing of the pendulum of public opinion not only away from his own union but away from all organized labor.

Eds note—If more newspapers throughout the country would voice the above opinions relative to irresponsibility, public sentiment would undoubtedly force somebody's hand.

"TAPS"

During the past year several million American soldiers, sailors and marines have returned to this country from overseas battlefields. Their return was cause for joyous celebrations and happy reunions. Next Spring will commence the return of approximately 250,000 additional servicemen. But there will be no bands to greet them, no warm embraces from loved ones—for they are the gallant men who made the supreme sacrifice.

After World War I the bodies of 46,310 of the 77,091 American battle dead overseas were returned to the United States for final interment. In many cases proper military honors were not bestowed upon these heroes when they returned to their native land. It is gratifying to know that the dead of World War II will be accorded the full honors that are due them. This has been assured by a plan from the Quartermaster General's office for the return of the overseas dead from their next of kin.

The Government, however, is concerned only with the delivery of the deceased to the community designated by the next of kin. In order to complete the plan, the Quartermaster General has appealed to patriotic, religious and fraternal organizations to provide for proper local services if the next of kin desire a military funeral.

The organization most capable of carrying out this plan in every city, town and village in the Nation already has answered this appeal. That organization is The American Legion, 3,330,000 men, with its 16,194 posts in nearly every community in the country. Through its Graves Registration and Memorial Plan every Legion post stands ready to provide an honor guard to meet the body upon arrival in the community; to provide a bugler, firing squad, color bearers and a chaplain for the burial service; and to sponsor a memorial service for the honored dead.

It is appropriate that an organization of veterans such as The American Legion should see to it that the returned overseas dead have a fitting service. This

affords them the opportunity to pay final tribute to their comrades who have answered The Last Call.

DON'T GET THE JITTERS

There are too many men and women throughout the country who are "waiting for something to turn up" and who "wonder what is going to happen." That condition has been overcome before! But just remember that when prices of everything jump sky-high and the value of securities go down into the basement, that the situation is bad. Labor disputes and unprofitable production in big and small business, even if only temporary, cannot be carried on indefinitely. The only chance for one's salvation is to keep cool, go slow and keep going the way you did before the World turned upside down and inside out. Look out for Number 1—and his and her families. You can't get rich quick. But, be careful, or you may lose your shirt.

Gold Star Remembrance Day

RICHMOND, — Governor Wm. M. Tuck called on all Virginians today to join in worship services on Sunday, December 1, in remembrance of the dead of World War II.

In a statement, the Governor called attention to Gold Star Remembrance Day, sponsored as an annual occasion by the Gold Stars United, organization of kinsmen of war dead, and by the American War Dads and the American War Dads Auxiliary.

The official statement follows: "As Governor of the Commonwealth of Virginia I wish to commend your attention to the initial nationwide observance of Gold Star Remembrance Day on the first Sunday in December (December 1, 1946). This most worthy occasion is being sponsored by the Gold Stars United, the National Council of American War Dads Auxiliary in reverent honor to the men and women of the United States who forfeited their lives in World War II that their countrymen might remain free to pursue our way of life in harmony with our fellow men.

"It is my desire that our people individually and in conjunction with the various churches and civic, patriotic, fraternal and service organizations join hands in making this day one of reverent commemoration and prayer on behalf of the dead of World War II. Let us also on this day give thanks to Almighty God for the glorious victory which He in His Wisdom has seen fit to bestow upon us, and, recognizing anew that our efforts must be inspired and guided by the Supreme Being, let us beseech Him to crown our success in battle with a just and everlasting peace among all the peoples of the world."

From where I sit... by Joe Marsh

How to Stop Worrying

I guess folks in our town do about as much worrying as in yours—over housing and prices, and crops, and jobs—and the little domestic problems that are always coming up.

Dad Hoskins, who's lived to the happy age of eighty, has a simple formula for stopping worry. About every problem, he asks himself: Is there anything I can do about it? If there is, he never postpones making a decision, or taking necessary action.

If there isn't anything he can do about it, he sets aside a "worrying

hour" after dinner, and gets his worrying over in one concentrated period. When that's over, he relaxes over a friendly glass of beer with Ma Hoskins—and they talk about pleasant things together, until bedtime.

From where I sit, that's as workable a formula as you could find... right down to the mellow glass of beer that seems to wink away your worries.

N'S END

Our "brain child" has learned to stand alone. Now it must walk unaided. This can be accomplished through the continued efforts of everyone.

We wish to take this opportunity to express appreciation of the splendid spirit shown and the encouraging comments which have come to our attention.

The Christmas season is just ahead. Holiday merchandise is available in surprising quantity, quality and variety.

Always remember, "Virginia Beach Has It", and "Let the Pages of the News Help You Find It at the Beach"

you " and it at Virginia Beach "

TIRE
WITH
Action-Traction!

WITH EVERYTHING YOU'VE WAITED FOR

- ☆ Quiet Running of Straight, free-rolling ribs
- ☆ Quick-stopping safety of "action-traction"
- ☆ Safer extra mileage of more natural rubber
- ☆ Blowout protection of extra carcass strength

COSTS MORE... WORTH MORE

Action-Traction!
RUNS LIKE THIS
Straight, free-rolling ribs of more natural rubber run air to cause quiet riding. No wear "knobs" to cause road pounding. No wear on sharp corners. Easy steering. Non-cupping. Slow, even wear... Longer mileage.

Action-Traction!
STOPS LIKE THIS
Apply the brake and - instantly - ACTION-TRACTION goes to work, gripping any road surface with a multi-angled tread design. The wet road "skid" - always a dry touch for a quick, straight stop.

For This ...
we are Thankful —

More than three and a quarter centuries ago, our forefathers came to the vast, tractless wilderness of the New World to seek freedom. They found it... and through sacrifices, hardships and hard work they founded a nation and established the high principles upon which it was to be built.

Since then — through civil strife, world wars, depressions and prosperity, and despite attempts to undermine the American way of life — we have held fast to the principles of our forebears.

We Are Thankful... for the priceless heritage they left us — the freedom to live, speak and worship according to our own choice.

We Are Thankful... for the freedom of the ballot — the right to elect the representatives of our government, to determine the form of that government, and the manner in which it shall be administered.

We Are Thankful — on the Norfolk and Western Railway... for your friendship and good will, and the privilege of serving a great territory.

So, at this Thanksgiving, as we express gratitude for all of our blessings, we join with you in renewing our faith in the principles of our forefathers. With you, we pledge anew our determination to guard and perpetuate those principles of freedom, and to work with all the intelligence and energy at our command for a just and lasting peace among the peoples of the world.
